

Look at Me, I am  
the manual...

I wish she came with a  
manual - how are we  
supposed to know what  
to do?

Actually, I *am* the  
manual. If you study  
me closely, I'll give  
you lots of clues about  
what I need. I love it  
when you watch me  
and wonder about  
what I'm feeling.  
When you try to  
understand my world,  
I feel seen.
